

# Jorvik Run 2011

*Supporting Marie Curie cancer care*

Guy Lockwood and his helpers - dodgy or what!?

Great day out for the annual classic car gathering.

Always eagerly anticipated as the first classic car event of the year for the Ryedale York MGOC, this year proved another great success with 140 cars and owners supporting the run and contributing to a wonderful £1931 to our charity - Marie Curie Cancer Care. Thank you and well done!

*Peter Head (Chairman- RYMGOC).*

**Overcast, the odd shower and with a cool breeze.** This was the weather for the day but still did not deter a great collection of cars and their hardy owners from taking part in the annual Jorvik Run. A great route planned by Guy Lockwood, Tim Sherbourne and Tony Fewster saw cars completing a 100 mile round trip as far north as Staithes and up and over spectacular moorland scenery. Back at

Castle Howard Visitors enjoyed seeing cars old and new including the first display of the new MG6 from local dealers Maple Garage of Flinton, Hull. Following the raffle and prize giving the cheque for £1850 was presented to Richard Streets this was in addition to the £80 raised at the raffle. Once again a successful and enjoyable time was had by all. Thanks to all who participated.

# Images from the day, in and around Castle Howard.

Over £ 1900 was raised by participants of the rally. Above : Guy Lockwood and Peter Head present the cheque to Richard Streets

The complete set! - 14 years of Jorvik runs.

Left: MG TF beautifully restored.

Right: you can do it in an MG!

Old meets new.  
Left: The oldest - 1934 MG F1 Magna and right: behind the presentation group, the brand new MG6 GT
